Dealers in
FINE CLOTHING,
231 BROADWAY,
Second door above the Astor House, NEW YORK,

WOULD SUGGEST to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of

READY MADE CLOTHING.

In reference to which they would suggest, that the facility with which their goods can be fitted, every garment being marked in lengths and breadths, the same size breast being varied to suit different proportions of the same measure, should give them the preference over any clothing, the sizes of which are indefinitely marked. The difficulty of really suiting patrons from that fact, it is presumed, has been very generally realized. In a word, strict attention is directed in a determination to render our garments equal in every respect to the best custom work feb6d3mVO&CO

FROM OUR NEW YORK CORRESPONDENT.

NEW YORK, Feb. 6, '57.

Our city is all intent upon a daring and still mysterious murder committed a few nights since in one of our best streets and in a house of as much exterior guarantee, in its appearance and appliances, for security and order, as any in the city. Nothing has yet appeared furnishing a clue to this midnight murder, and it seems quite possible that the brutal misconduct of the presiding officer at the Inquest—the Coroner—may almost divide public indignation with, and divert in some degree public attention from, the murderous deed itself. How any human being, in a civilized community, in the very presence, as it were, of death, and in the dread uncertainty with which such a murder and its hidden history oppreses all—could find occasion for coarse levity and brutal exercise of power—seems incredible. I trust there is some mode under the law of marking the public abhorrence of his conduct, and still more I hope the clue may yet be found to this most startling crime.

You will have learned, long ere this, of the choice by the Legislature, with great preponderance of votes, of Preston King as a Senator of the U. S., for six years from the 4th of March next. His county, St. Lawrence, gave over *seven thousand* majority for the Republican ticket, last fall. It was once the stronghold of the Democracy, but its inhabitants are mostly farmers, and the means of corruption, by federal patronage, in such a population, have little chance. Hence when Preston King, breaking away from the *bogus* democracy—the party of spoils and plunder at home and abroad, the party of Custom House and Post-Office principles, and of extreme slavery propagandism—took ground in his old democratic district for Free Speech, Free Soil and Fremont, the men who had followed his lead before were true to him now and to the great truths for which he stood. Most fitly, therefore, is this bold leader sent to the U. S. Senate, there to stand, side by side, with the ablest man in that body and an unfaltering friend of the Right, WILLIAM H. SEWARD, and with him do battle in the name of the State of New York for our Republican cause. The bitterest opposition to Preston King came from the *Know-Nothings*, who seem to outvie the Sham Democracy, though in close alliance with them in our Legislature, in opposing such a champion of Freedom as Preston King.

It would seem, from the latest accounts at Washington, that our shameless President has been tampering in a double sense with the friends of Free Kansas, in the pretence of a purpose to remove that disgrace to the bench and to human nature, Judge Lecompte. It now seems that the nomination of a successor to this unjust Judge, sent in to the Senate, was a mere *sham*; that Lecompte himself has never been superseded, but goes on, as usual, with his mockery of a Court; and the impression now appears to be that the nomination of a successor never was made in good faith, but only to throw dust for a time into the eyes of the people; and Gov. Geary is to be thwarted in his efforts, not very vigorous at best, to do justly in Kansas. As, too, Congress will adjourn, it may be certainly predicted, without repealing the iniquitous Kansas laws, and as the Senate will not, it is quite sure, give effect to bills from the House, for creating Minnesota a Free State—it is evident that the battle of Republicanism is still to be kept up, and that Freedom must yet exact the untiring efforts of all her sons, in order to a sure and irreversible triumph. In this State the choice of PRESTON KING, as in yours, I hope, the choice of Mr. DOOLITTLE—binds together the Republican party, as with hooks of steel, and we shall go on to yet further and greater triumphs.

The President elect seems to have kept his own counsel wonderfully well, while in Washington, and the future cabinet is still as conjectural as many months ago. It would help Mr. Buhanan with the conservative element in the country, of all parties, save only Slavery Propagandists and Fillibusters, should Mr. Marcy be retained in the State Department, but it is believed that Mr. Buchanan is very averse to taking any of the Pierce concern into his. Speculation however—now that the facts must soon be known—were idle indeed.

Our weather looks and feels like a regular *thaw*. It is time, for we have had a very fierce winter, and most disastrous on sea and land.

MAKING A POSTMASTER FOR MILWAUKEE.—The Democratic minority in the Legislature have taken the job of parcelling out the Federal appointments in this State, in the full expectation that Mr. BUCHANAN will ratify their decrees. Having disposed of U. S. Marshall, District Attorney, &c., they have latterly turned their attention to the Milwaukee Post Office, with the view of providing a fitting incumbent for it. The selection was finally referred to the Milwaukee delegation, 2 Senators and 9 Assemblymen. On Wednesday evening, this conclave met accordingly; two of the number, HAERTEL and MOSCOWITZ, were absent; four, GREULICH, MCCORMICK, TAYLOR and HUMPHREY, expressed their preference for JOHN B. EDWARDS, City Comptroller, and the remaining five declared for J. R. SHARPSTEIN, U. S. District Attorney and Editor of the *News*. Mr. EDWARDS claims that the two absentees are in his favor, making a majority of one in the delegation. On the other hand, Mr. SHARPSTEIN claims to have received the "regular nomination."

JUDGE POTTER'S APPOINTMENT AS REVISOR.—Our associate at Madison, in his letter this morning, calls attention to the fact that Judge POTTER was not appointed Revisor of the Statutes by Gov. BASHFORD, until after "the term for which he was elected" had expired. The Constitution reads thus: (Act IV, Sec. 12.)

No member of the Legislature shall, *during the term for which he was elected*, be appointed, or elected to any civil office in the State, which shall have been created, or the emoluments of which shall have been increased, during the term for which he was elected.

As Judge POTTER was not appointed, "during the term for which he was elected," the objection urged by the *News* falls to the ground.

THE HIGHEST GROUND IN ILLINOIS.—Accurate observations during the recent floods in Illinois are said to have established the fact that the new grade (six feet, or so, above low-water mark) on Lake Street, Chicago, is the highest ground in the State. It was the Mount Ararat of Illinois during the late deluge.

P. O. APPOINTMENT.—ALFRED MARSCHNER, Esq., has been appointed Post Master at Sheboygan, in the place of WARREN SMITH, removed.

FROM MADISON.

Editorial Correspondence of the Sentinel.

MADISON, Feburary 11.

In Senate this morning, among other bills was one to enable the City of Milwaukee to complete its work at the straight cut harbor.

STATE LUNATIC ASYLUM.

The Committee on State affairs reported a bill for a State Lunatic Asylum. Its provisions are, briefly, as follows:

Makes E. B. Wolcott, Ira Miltimore, and Isaac Brown Commissioners.

They are to examine the site near Madison, owned by the State, to see if it is the best on all accounts; if so, to adopt it; if not to select some other.

They are to examine the plans on file and others, and have prepared plans for a building to accommodate 200 to 250 patients, not to cost over ——dollars; one of their number to be Superintendent.

When a plan is adopted, publication to be made for eight weeks in a newspaper in each city in the State, inviting proposals for building. The plans to be open to bidders for the whole time, and bids to be opened publicly.

Payments on the contract to be made on monthly estimates by the Superintendent of work done, retaining 20 per cent till the work is done.

A heavy penalty is provided against any interest by the Commissioners in the contracts.

The Commissioners to report annually, and to receive $5 per day for time actually occupied.

The election bill was under discussion in the Senate most of the morning. The Senate gets along slowly with it. Only *nine* working days remain of the time which it is proposed to spend here, and business must be driven through in double quick time, and, I fear, with insufficient consideration, to get through. The *really* important matters of the session are yet to be acted upon. Great industry on the part of committees may, however, enable the Legislature to get along, with little discussion in either House. Long speeches won't answer.

The Treasurer's Report, *in Norwegian*, is on members table, published at the *Emigranten* office, but the copies in English are not yet here.

Petitions and remonstrances concerning the removal of the Marquette County Seat continued to come in. One of the members from the County is in favor of, and the other against the removal, so that here is another chance for a fight.

Among the bills introduced in Assembly this morning was one chartering the "Milwaukee City Hotel Co." with Messrs. Jas. Kneeland, C. Camstock, J. B. Selby, C. H. Williams and John Plankinton as corporators, and a capital of $300,000, to build a hotel.

VALIDITY OF BONDS ISSUED FOR RAILROADS.

Moses M. Strong, from the Judiciary Committee, reported, in reply to a resolution of enquiry refered to that Committee, that bonds issued by counties, towns, and cities, issued by them after a vote of the people in favor, are binding upon the corporations which issue them.

STATE LIBRARY.

The Committee on State affairs reported a bill appropriating $2,000 for an increase of the State library, and an annual appropriation of $250 for for the purpose hereafter.

WAUPACCA FINALLY DISPOSED OF.

The vexed question of the Waupacca contested seat is finally disposed of—the minority being "game to the last." It was done in this wise:

Dr. Cameron moved to take up the resolution which was put over yesterday. He then moved to postpone the whole subject indefinitely, and on this motion asked the *previous question*. It was sustained, 49 to 26.

Then Moses M. Strong insisted that the main question must be upon the resolution pending yesterday, so Speaker Spooner decided, and Mr. Lovell appealed; but after referring to the journal, and seeing the condition of the question, the Speaker decided that the amendment of yesterday fell with the postponement, and that the main question must be taken upon the indefinite postponement, and from this Mr. Strong appealed.

The Assembly sustained the Speaker, 45 to 22—the indefinite postponement was carried without a division, and a reconsideration, moved by Mr. Hastings, refused.

So ends Waupacca. Both Mr. Perry and Mr. Phillips have resigned, and go home to tell their friends in Waupacca County, that they had better settle their difficulties as soon as possible, for their own credit. I understand that Mr. Phillips was ready to take this course several days since, and would have done so, but for injudicious advice.

THE OLD PIONEERS—A FIZZLE.

The meeting of the Pioneer Society to day was a failure. Very few were present, and very little was done. The time within which, to be members, persons must have come to the Territory, was extended to 1837, and the time of the Annual Meeting was changed to the summer.

W. H. W.

P. S. By the *Sentinel* of to-day, I observe that the *News* has led some people into error by its "fuss" about Judge POTTER's appointment as one of the Revisors of the Statutes. If the constitution said, as the *News* represents it, that,—

"No member of the Legislature shall be appointed or elected to any civil office in the State which shall have been created, or the emoluments of which shall have been increased, during the term for which he was elected."

Then Judge POTTER would not be properly appointed. But, as the Constitution says that such appointments shall not be made "*during the term*" for which members "are elected," and as Judge Potter was not appointed till this Legislature commenced, he is properly appointed. The case of Mr. VITTUM, appointed a Lunatic Assylum Commissioner by Ex-Gov. BARSTOW, is not a parralled case, for *his* term had not expired when he was so appointed.

W. H. W.

A PLUMPER FOR THE NEWS.—For reasons best known to itself, the *News* has repeatedly asserted that Mr. NOONAN, the Postmaster of this city, was part owner, and occasional editor of the *American*, and in a recent issue directly charged upon him the authorship of an article by no means complimentary to JOHN W. FORNEY. To these charges and averments Mr. NOONAN thus sharply replies in a communication to the *American:*

MILWAUKEE, Feb. 11, 1857.

EDITOR OF THE AMERICAN:—Will you allow me to say through the columns of your paper that, if JOHN R. SHARPSTEIN, in the article in his paper this morning, intends to insinuate or assert that I was the author of the recent articles in your paper reflecting upon Col. John W. Forney, or that I had any knowledge of, or participation in getting them up,—*he lies.*

That if he intends to insinuate or assert that I have heretofore, or at any time, "slandered and abused the Hon. R. J. Walker,"—*he lies.*

Or, if he intends to insinuate or assert, that I have any thing more to do with the management or control of your paper, than I have of his filthy sheet, he *lies*, and he knew he was lying when he made the insinuation or statement.

Respectfully yours,
J. A. NOONAN.

MR. LOVELL.—The Editor of the Kenosha *Tribune*, Senator SHOLES, in a letter to that paper, pays the following merited compliment to MR. LOVELL, the member of the House from Kenosha;

The member from your district in the Assembly is chairman of the Judiciary Committee, the most laborious, as well as most important place in the Legislature. He is equal to its labors and will well discharge its duties and responsibilities. His opinion has weight in the body, and none will have more influence in determining the character of this winter's legislation.

MR. LOVELL, who has been speaker *pro tem*, during Judge SPOONER's absence, has filled that post with conceded ability and impartiality.

THE FRESHET IN CLEVELAND.—Property was damaged in Cleveland, by the late freshet, to the amount of over $30,000. The river rose to a fearful height and was filled with large masses of broken ice which swept away, injuring docks, warehouses, shipping, &c.

The Waupacca Seat.

The Waupacca contested seat was finally settled in the Assembly this morning by indefinitely postponing the whole subject.

We understand that both Mr. Phillips and Mr. Perry will resign their claims to the seat and leave it vacant—that being the only mode left, apparently, of settling the difficulty.—*Madison Journal.*

The Legislature has got well out of a bad scrape. Now let them and their successors resolve never to admit *anybody*, as member from Waupacca County, unless he represents and receives a certificate for, the *whole* county, instead of its fractional parts. We see no other way of bringing our belligerent Waupacca bretbren to terms.

APOCRYPHAL.—The Milwaukee papers frequently indulge in the joke of talking about "Ferries" across Lake Michigan, so built as to defy wind and wave, and form a perfect connection between Grand Haven and Milwaukee. We cannot see why our enterprising neighbors do not put up a railroad suspension bridge, at once, across the Lake, which could easily be supported by balloons, poised at short intervals. We think the plan is as practicable as the "Ferries," if not a little more so.—*Chicago Tribune, of yesterday.*

"The wish was father to that thought." Our Chicago neighbors are greatly troubled about the "Steam Ferry." They have reason to be, though lacking the wisdom to hide their apprehensions. Never mind, friends! There will be something left for Chicago, even after the travel from the North-West takes the "short cut" to the Atlantic sea-board *via* Milwaukee, Grand Haven, and Detroit, instead of the roundabout road through the Chicago quagmires.

THE ELECTION FOR CHIEF JUSTICE.—The Berlin *Courant*, referring to this subject, gives expression, we doubt not, to the general sentiment of the People of Wisconsin, in the following remarks:

In such a crisis, and after the ability which he has exhibited, we think that the people of Wisconsin will re-elect Judge Whiton by a unanimity seldom equalled.

During the exciting contest for ascendency between Barstow and Bashford, and immediately succeeding the decision, the Barstowites indulged in threats pretty freely "that the same question would be made an issue before the people at the next election for Supreme Judge" The bad odor of the Barstow faction may prevent them from making that issue directly, but it will be well enough to watch them pretty closely for they will do anything to avenge their fallen fortunes—to retrieve them is hopeless. They have already called a "Democratic" Convention, to nominate a candidate for Judge WHITON's successor.

MORE REBELLION—ADVICE FOR THE NEWS.—The Horicon *Argus*, one of the "yoke-fellows" of the *News*, thus declares against the doctrine, recently preached by that paper, and delicately reminds it of its sudden change of front, in obedience to caucus dictation:

There is an attempt being made to make the question of the eligibility of Judges to Federal Offices, a party question, we presume for the purpose of carrying it into the next canvass.—The effort will fail. It will fail simply because nine men out of ten can understand the difference between a *Federal* and a *State* office, and the folly of a State attempting to prescribe qualifications for an office created by another Sovereignty. If it is seriously intended to place the Democratic party upon such an issue, and upon the wrong side of it too, we for one respectfully and emphatically enter our dissent.

We have a wish to regard the Milwaukee *News*, as it ought to be, the leading Democratic journal of the State. But to maintain that position it must not turn such somersets as it has on this question. Nor will it do for the *News*, when it wants to take the back track, to pass over its sins to the shoulders of "associate" Editor. You must be a unit, gentlemen, in your outward dress.—Harmonize your difficulties before they get into type.

ADMITTED TO THE BAR.—THOS. H. RUGER was admitted to practice in the Circuit Court yesterday. Mr. R. is a graduate of the West Point Military Academy and received the appointment of Lieutenant of the Engineer Corps. He is a gentleman every way worthy of the honor conferred upon him. Possessing fine abilities, with a gentlemanly deportment and marked social qualities, he has a host of friends in this city, who wish with us, wish him abundant success whether he remains here, or goes elsewhere to engage in the practice of his profession.—*Janesville Free Press, Feb. 11.*

We know Mr. RUGER well, and can most cordially endorse all that the *Free Press* says in his praise. We wish him all prosperity in his new career.

FATAL CATASTROPHE IN ST. LOUIS.—A large building, in the business part of St. Louis, fully occupied and rented, fell with a terrible crash on Friday the 6th, burying three persons in the ruins, and severely wounding two others.—Amongst the killed was a Mr. Wm. Gardner, said to be the oldest and wealthiest farmer in St. Louis Co. There were many narrow escapes, and it seems almost providential that so few were injured.

LUMBERING ON THE WISCONSIN.—The Stevens Point *Pinery* of the 8th inst. says that notwithstanding the deep snow in the woods, thereabouts, the lumbermen have kept industriously at work, through the winter, and that the amount of logs got in, during the season, will nearly equal the average of former years.

PIONEER FESTIVAL TO-DAY.—The meeting of Pioneers was not as large to-day as it was last year, owing we suppose to the severity of the season and the difficulty of getting anywhere.

The constitution was so amended as to admit all emigrants previous to January 1st, 1838, and that the annual meeting should be held in June instead of February as heretofore. The meeting was continued this P. M.—*Madison Argus, Feb. 10th.*

THE REAR OF A DWELLING HOUSE BLOWN DOWN—GAS EXPLOSION.—The rear end of the dwelling house of John V. L. Pruyn, Esp., on Elk-street, was blown out last evening about 8 o'clock by a gas explosion. During the day the keeper of the house, Mrs. De Beau, (Mr. Pruyn and family now being in Europe,) detected a leak of gas and sent for a gas fitter to come and close it. A boy came late in the afternoon, and after a hasty examination said that the leak was not of a serious character, and that he would come in the morning and repair it. Mrs. De Beau, still fearful and not satisfied with the opinion of the boy, sent for John Mohan, a waiter in the employ of Joel Rathbone, Esq. He came and found the room in the second story strongly impregnated with gas. With a lighted candle he ascended the steps for purpose of examining a chandalier, and when the light came upon a loevel with it an explosion ensued, prostrating him upon the floor and forcing out the entire rear end of the building.

This portion of the house was composed of wood and glass very strongly put together, and the entire end laid in the yard this morning, looking as though the four stories had been carefully taken down and regularly laid one above the other. But few glass are broken, and the mirrors in the frame work, strange as it may appear, are not in the least injured. A few panes of glass were broken in the front, and one of the shades in the second story room was scorched, but beyond this neither the house nor the furniture was in the least injured by fire.

With so fearful an explosion it is strange that the building was not fired. Even the furniture which stood against the rear were not moved or injured. The damage done is not less than $1,000. Two of the inmates of the house were seriously injured. John Mehan's face and hands were badly burned, and Mrs. De Beau was knocked down cutting her head and breaking her collar bone. The explosion is attributed to a side chandelier in the library, in which the water had evaporated, thus making a serious leakage. These slides ought to be kept filled, and the probability is that gas had been accumulating in that room for several days, thus making it as dangerous as a powder magazine.—*Albany Eve Journal Feb. 7.*

AN EDITOR ASTONISHED.—On Tuesday evening last, Rev. J. A. Smith, the estimable and able editor of the Christian Times of this city and family, were surprised by the constant ringing of the door bell and the dropping in of friends.—After spending a very pleasant evening together the astonishment reached its climax, when on leaving, a gentleman placed in the aforesaid editor's hands a package, which, on being opened was found to contain V.'s, X's' &c., aggregating up into the hundreds, together with a deed of a lot in the southern part of the city. Editor's don't get astonished in this way very often, and it is no wonder that friend Smith was taken all aback by this manifestation of the respect and esteem of his friends, and of their appreciation of his editorial and other labors.—*Chicago Democrat, Feb. 11.*

From the Chicago Dem. Press, of yesterday.

EFFECTS OF THE FLOOD.

Immense Destruction of Property.

Bridges, Dams and Houses Swept Away.

JOLIET.—We learn from a citizen of Joliet that the "middle bridge" across the Desplaines was swept away on Friday last, and it, along with several canal boats, went over the dam.—The Jefferson street bridge has also been damaged, and is impassable by teams. The river rose upwards of eight feet. The canal boats were old craft, and not valuable. The gate of the waste weir leading into the canal also gave way, and the water rushed into the canal with a most terrific rapidity.

CHANNAHON.—A gentleman informs us that the dam between the canal and the Illinois River at Channahon has given way, and that both bridges at this point are swept away. This may probably prevent as early an opening of the canal as might have otherwise been expected. The stone work on this dam was of the most substantial character, and the pressure by the flood must hve been enormous.

OTTOWA.—The Ottowa *Free Trader* gives an account of the rise of the rivers at that point, and of the effects of the flood. On Thursday morning the Fox and Illinois Rivers commenced rising, and on Friday morning everything below high water mark was submerged. All the fences, stables, &c., on the low ground east of Fox River, disappeared below the surface, or barely showed their diminished tops. The tenants of the buildings in the lower parts of Ottawa Centre got, between two and five o'clock on Friday morning, a very sudden and unexpected notice to quit. The foot walk on Fox River Bridge was carried away on Friday, and a number of stables submerged, besides hay, &c., being swept away.

NAPERVILLE.—Dam and several houses swept away.—We learn that the Du Page River at this point on Friday night last broke up, and on Saturday it swept away the dams and upward of half a dozen houses and stores. The houses belonging to Mr. Hives were carried off, besides the Du Page *Journal* Office, R. Millard's wagon shop, Mr. Lyman's large granary, and one or two sheds and barns. The loss cannot fall short of $30,000.

FOX RIVER—Aurora, Batavia, Geneva, &c.—We learn from the Aurora *Beacon* of the 10th that on Monday a committee made an examination of the bridges carried away at Aurora on Saturday last. The two belonging to the east channel of the river lie but a few rods from their former position, in a remarkable state of preservation. Neither of them are badly broken, and are so little injured that they can be taken apart and replaced without great expense. The one over the west branch was broken in two, one half being a short distance below the West Aurora depot, and the other half just below Montgomery. The abutments, we believe, are all swept away to parts unknown.

The same paper gives further particulars at other points on Fox River, as follows:

"The stone bridge at Batavia, though not entirely carried off, is left in a dangerous condition. The foundation to one of the arches was taken out by the ice, which will doubtless cause a portion of the bridge to fall at some future time.

The saw mill, a portion of the sash factory, and both ends of the dam at Montgomery were destroyed, and how much other property we are unable to say.

A gentleman from Oswego yesterday, informs us that a saw mill at the next dam below Montgomery, was seen floating past Oswego, with the wheel in motion, and that Parker's grist mill, at the same place, remains with the upper side badly stove in. At Oswego the bridge was lost, and some $1,600 worth of lumber, belonging to Messrs. Rowley & English.

At Bristol both bridges were carried away, and the flouring mill badly damaged.

Milford, a village situated between Bristol and Ottawa, on the river, suffered a more severe loss than any town we have heard from. It is built upon low ground, so that the water and ice made almost a clean sweep of everything.

MISSISSIPPI RIVER.—The St. Louis *Republican* of the 10th says:

"The water and ice in the Mississippi come down with tremendous impetuosity. Everything is carried with it. Large lots of logs from the Wisconsin pineries, are likely to be lost. The rafts were broken to pieces, and the logs took their chances with the ice and went rushing down the river. These logs were intended for W. G. Clark & Co., and were worth $5,000.—We understand there were hundreds of thousands of dollars worth of logs lying above the rapids, all of which is liable to be lost by the sudden rise and breaking up of the ice in river.

WABASH RIVER.—The Wabash at this point, has been rapidly rising for the last forty-eight hours, and is still rising with a fearful velocity. The flat, immediately opposite the city, is almost entirely submerged—but doing very little damage, except carrying off fence rails.

By a gentleman who arrived from Pittsburg, Carroll County, last evening, we learn that considerable apprehension was felt by the citizens of that town in regard to their safety—the ice has formed a gorge or dam about one mile above, extending for seven or eight miles.—*Lafayette American, 7th.*

A Russian Marriage.

A Paris correspondent of the N. Y. *Times* tells the following story:—

"The Emperor of Russia has lately performed an act of justice to a much-injured and honorable American family, which reflects the highest credit on his government. The facts were given me by Mr. Sala, the principal writer for Dickens' Household Words, with whom I had the pleasure to dine at London, and who was an actor in the history I am going to give you.

About eighteen months ago, a Miss Ward, from one of the Southern States, was married at Florence, after a short courtship, to a Polish Count, whose unpronounceable name escapes me at this moment. They were married before the American Consul, I believe. After living with Miss Ward for three weeks, the Count took French leave one fine morning, carrying off his wife's jewelry as booty. A letter left behind informed Miss Ward of a fact of which she had been till that moment entirely ignorant, to wit, that any Russian subject not married according to the service recognized by the Greek Church and the Russian Government, was invalid and not binding, and that the service which had united them resembling in no wise the one required, they were as free as if no service had been performed. The consternation of Mrs. Ward and her family at this delectable piece of villainy may well be imagined; for on inquiry they found that the Count's statement was but too true.

Miss Ward and her mother remained a short time in Italy, endeavoring to obtain some kind of redress for the base imposition which had been practised on them, but their efforts were fruitless. They then came to Paris and spent the winter here, where they were generally known to the American residents in the place.

At the period of the coronation of the Emperor of Russia, they went to St. Petersburg. It was here that Mr. Sala made the acquaintance of the family, by a letter of introduction from Paris.—The family were going to demand justice of the Emperor of Russia against his scoundrelly subject. Mr. Sala drew up the petition to the Russian Minister, and in this petition Miss Ward demanded of the Russian Government, 'the rehabilitation of her honor by a lawful marriage with the Count.' The document was handed to Mr. Seymour, the American Minister, and he handed it to the Russian Minister of State.

The moment the case was laid before the Emperor, an order was issued to the Russian Minister at Naples (where the Count was then living) to confer with the Neapolitan government, with a view to his arrest. The Neapolitan Government, which was just then in great favor with Russia, yielded at once to the request. The Count was seized by the Neapolitan police, and at Russia's expense was conducted to the Russian frontier; there he was received by the Russian police and carried to Warsaw. The Wards were already there, awaiting his arrival. The Count was marched into the church by a posse of policemen, and was compelled to stand up before the altar and marry Miss Ward in due form.—When the ceremony was concluded, his wife, now legally the Countess of ——, made him a formal bow and bade him adieu, forever. And Sala, who was present, exclaimed, "Young America forever!"

The Count, who was an exile, was sent to Siberia, his property was confiscated, the Countess retaining by law one-third. The family immediately left again for Italy, where they are spending the winter. The father and brother of Miss Ward were present at the marriage at Warsaw, with revolvers in their pockets, determined, if there was any flinching on the part of the Count, to blow his brains out. For in view of the fact that he was destined for Siberia under any circumstances, it was feared that he might not at the last moment pronounce the necessary word.

And thus was a high act of justice performed by the Russian Government in a bold and rapid manner, and an act which does her the greatest honor.

Mr. Sala has just sold to Rountledge; the London publisher, his forthcoming volume on Russia; and a volume compiled from his writings in the Household Words, for the sum of £4500. He will soon bring out a romance, of which Miss Ward will be the heroine, and the forced marriage of Warsaw one of its stirring scenes."

DEPLORABLE RAILWAY ACCIDENT.—About six P. M. last Sunday, the up freight train which was due at Berlin, on Saturday, ran over two cutters containing in all, five persons, causing the death of Mary Moyer and severely injuring three others, viz; Esther Moyer, thigh broken, Moses Moyer, skull fractured and not expected to live, and Benjamin Bowman, badly bruised about the head, shoulder-bone broken and hand badly hurt.—*Toronto Leader.*

FALL OF A BUILDING IN DUBUQUE.

Two Persons Killed.

DUBUQUE, Feb. 7.

Yesterday evening, about half-past 3 o'clock, owing probably to the large quantity of snow and rain which fell previously, the roof of the new building know as the Odd Fellows Hall, on the corner of 8th and Bluff sts., gave way with a tremendous crash, crushing everything in its way. The south side wall fell on a small one story house adjoining, crushing it to atoms. The house was occupied by an old gentleman named Capt. S. C. Foss, and his wife. They were in the back part of the house at the time the walls fell, and both were instantly killed. They were extricated with much difficulty from the ruins.

Capt. Foss and his wife were formerly from Portsmouth, N. H., and enjoyed here the good will and esteem of all who knew them. He was formerly a seafaring man.

It was rumored that a young girl who lived in the next tenement to Capt. Foss, was buried in the ruins. We could hear nothing to substantiate the statement.

Several remarkable escapes occurred. Judge Corkery, Postmaster, was sitting in his office at the time writing, when, hearing a rumbling sound, he started for the front part of the office, and just as he left, a large beam fell within three inches of where he was sitting. Two men were on the roof shovelling the snow off, when they thought the roof giving way, and started to go down. They hac just reached the ground floor when the roof fell in with such fatal effect. Mr. Lennan, the builder, was also in the upper story of the building, and also started down to tell the people in the Post Office to leave the building, when it fell. All the clerks in the Post Office had narrow escapes.

In the building in which Capt. F. and his wife met their death another family resided, but fortunately none of them were injured, though the house was awfully crushed. Altogether it seems like a miracle that no other persons were either killed or injured.

The lower portion of the main building was occupied partly for the Post Office, and D. B. Siddall, druggist, and another as a confectionery establishment.

The building was new and erected at a cost of $40,000.

COMMERCIAL.

THE MARKETS, &c.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, February 13, 1857.

By LaCrosse & Milwaukee R. R.—4377 bus wheat; 186 bbls flour; 217 bus barley; 12,113 lbs sundries; 64 hides, 75 pelts.

Watertown Division—957 bus wheat, 294 bbls flour; 95 bus oats; 3,800 lbs sundries.

Receipts continue moderate and transactions limited. There is rather more inquiry for wheat and prices are a shade higher. Pork is also a little better. We quote:

WHEAT—92a95 for Spring; 1,00a1,12½ Winter.
BARLEY—steady, 1,30a1,48.
RYE—nominal, 65a70.
OATS—38a40.
CORN—50a52.
PORK—$,50a8,75 for good heavy hogs.
Weather mild, yesterday, and symptoms of a thaw.

Chicago Market.

CHICAGO, Feb. 10.

Business in the general market has not been very active the past week. The principal reason of this was a three day's rain last week, breaking up the rivers, stopping railroad trains by washing away bridges, thus cutting off the receipts of grain and other produce, and preventing orders from country merchants for groceries and other merchandize.

WHEAT—On Thursday was firm at 80a90 for spring in store; but since then, of course, everything has been remarkably dull; not a barrel of flour has been sold for shipment, it being held higher than buyers seem willing to pay. A few small lots of wheat have been sold in store, closing at about 87a88c for spring. In Corn nothing has been done except in in small parcels for immediate use, at 41 on track, and 42a 43 delivered. No new sales for April and May delivery are noted, but 43a45c would be the terms asked, depending upon the terms of payment.

OATS—Have been scarce and in good demand at a slight advance, closing at 33c to retail trade.

BARLEY has been and continues in yet greater demand, especially for seed, as high as $1,70 being for choice lots of New York and Canada, and $1,45a1,55 for malting.

RYE FLOUR—Has sold as low as $1.

BUCKWHEAT—At $1,75.

PROVISIONS—Remain scarce and firm; small sales of mess pork were yesterday made at $21 on 30 days' time and $20 cash. Lard is held at 10a12½c, and scarce, though a sale was noted at 11½c. City cured hams are firm at 12a12½c. Fresh roll butter is in good demand, though poor quality is plenty.—*Tribune.*

Liver Complaint and Dyspepsia.

PHILADELPHIA, Jan. 15, 1853.

Dr. C. M. Jackson—Dear Sir—I have used your Hoofland German Bitters in my family for the past four years, for Liver diseases and Dyspepsia, and am pleased to acknowledge that we have received the greatest benefit from its use. I have recommended it to a great many afflicted with similar diseases; with the same good result.

I have no hesitation in saying that it was an invaluable medicine, and hope you will be able to introduce it into every family in the Union. Yours, Truly,

Fifth Ward Meeting, Tuesday Ev'ng.

Charles H Larkin, Esq., was called to the Chair, and J. M. Warren appointed Secretary. The Chair stated the object of the meeting to be to consider whether the Milwaukee and Beloit Railroad should come into the city on Mineral street, in the Fifth Ward.

Ald. Millman addressed the meeting in a plain but effective manner.

S. S. Conover then addressed the meeting on the importance of the subject.

On motion of M. Smith, the chair appointed H. Millman S. S. Conover and P. Mallen, a committee to draft a petition to the Legislature in reference to a ship canal up the Menomonee River, and along the north line of the marsh adjacent.

On motion of H. Millman, the chair appointed a committee of five to draft resolutions expressive of the objects of the meeting, consisting of Henry Millman, S. S. Conover, J. H. Williams, Fred Cassian and Henry Krugn.

The Committee retired, and during their absence S. H. Martin addressed the meeting in reference to changing the channel of the Menomonee river in said Ward.

On motion, the memorial was adopted as the sense of the meeting.

The Committee on resolutions reported the following preamble and resolutions:

Whereas, The Milwaukee and Beloit Railroad Company have recently located the track for their railroad from their depot grounds, in the Fifth Ward of the city of Milwaukee, on Mineral street, and running west seven blocks from Clinton to Geddings street, diverging thence diagonally across blocks 23 and 24, the public square, blocks 15, 16 and 15, in Walker's Addition, and continuing on thus in a south-westerly direction through the 5th and 8th wards of said city; and

Whereas, The location of said road being near the center (North and South) of said ward, and near the most valuable part for residences, and thus destroying the public square of the Eigth Ward, and the anticipated location of said Ward (Public) School House, destroying the use of the streets contiguous for general use, for the improving of which large sums of money have been expended within the last three years by owners of lots adjoining and in said Fifth Ward; and

Whereas, A track for said Railroad located some half or three-fourths of a mile further south would obviate the objections to its present location, and it is believed would shorten its distance with but a small additional expense for excavation; therefore

Resolved, That we request said company to change the present location through said ward, and fix upon one on which the majority of all interested can unite.

Resolved, That if said Company shall persist in retaining their present location of their road, through said Fifth and Eigth Wards, we believe that the settlement and improvement of said wards will be greatly retarded, and the property contiguous be greatly depreciated in value, and we, as citizens of said wards, consider ourselves bound by our regard for the best interests of said wards, by all lawful means, jointly and severally, to resist and oppose the same.

Resolved, That we request the Aldermen of the Fifth Ward to solicit the Mayor and Common Council of the City of Milwaukee to protect the rights and interests of said Fifth and Eigth Wards, in said public streets and public square, which said Railroad Company are now proposing to take for their use.

The Committee upon the Canal reported the following resolutions:

Resolved, That we, as citizens of the Fifth Ward of Milwaukee City, are opposed to the construction of a canal, as per a bill now proposed to the Legislature, in the Fourth Ward of said city, believing the same to be detrimental to the great and growing interests of the city of Milwaukee; and further,

Resolved, That such canal, if built, should be built on the line of the Fourth and Fifth Wards of said city, such location being the best calculated to preserve and maintain the interests of said city, promote her welfare, and permanently secure her ultimate prosperity and growth. And furthermore, we hereby request and instruct the members of the Legislature from this ward and request the representatives from this city, to use all honorable efforts to prevent the building of such canal unless built upon the line of the Fourth and Fifth Wards of said city.

Resolved, That a copy hereof be forwarded to each and every member of the Legislature, duly certified by the Secretary and Chairman of the meeting.

The foregoing resolutions were unanimously adopted.

On motion of Peter Burshart, the proceedings of this meeting were ordered to be signed by the officers and published in all of the city papers.

On motion, the meeting adjourned.
C. H. LARKIN, Chairman.
J. M. Warren, Secretary.

Mr. Gough—No Lecture Last Night.

Mr. Gough was detained by the late storm and did not reach Chicago in season to take the train for Milwaukee yesterday. He will probably arrive and speak here to-night. Notice will be given by posters and in the Evening papers.

MEETING OF THE BOARD OF TRADE.—At a meeting yesterday afternoon, the Committee to select rooms reported several propositions that had been made to them.

After discussion, on motion of Lester Sexton, the Committee was instructed to rent the south-west corner basement room in the Newhall House, on the terms proposed. The rooms to be ready in ten days.

The Committee on the claim for surveying St. Clair Flats, reported in favor of its allowance, and the Board voted it paid, less the interest.

The claim of Mr. Bock was re-committed.

Adjourned.

BADGER STATE SAFES.—These safes have now become one of the established institutions of Wisconsin, and it is quite unnecessary for us to say anything in their favor, for they have been tested so many times, that their durability, usefulness and beauty are thoroughly established beyond all doubt. Messrs. Berliner & Bruno, the manufacturers of these safes, have of late made extensive additions to their manufacturing establishment, which they now run by steam, and which occupies Nos. 215, 217 and 221 East Water Street. Their safes took the first premium at the last State Fair, and so did their Bank Locks also. They also manufacture vault doors for banks, and we understand that they have had the contract for making the vault doors for the State Bank of Wisconsin, which may be seen at that building.

THE MASQUERADE.—The Masquerade at "the Albany" on Wednesday evening, was a complete Carnival. Not less than twelve hundred persons were present, and the variety of costume and character were infinite. A very fine band of music filled the Hall with its inspiriting strains. Owing to the great crowd, dancing was out of the question till past midnight; but to make amends, it was kept up till morn.

We learn from the managers that the gross receipts were upwards of $1,800, and that deducting all expenses they will realize nearly $1,000 for the benefit of the English and German Academy.

THE LAST CHANCE.—We would advise all our readers, gentlemen particularly, to read the "final announcement" of Messrs. W. W. Sherman & Co., of No. 107 East Water Street. They are about to close up their business here in order to go into the wholesale business in New York, and are consequently selling their goods at a great sacrifice. This chance will last but two days, as they shut up after Saturday, and will then box up for their departure.

ARREST.—A young man, who gave his name as Peter Kane, was arrested yesterday forenoon by Policeman Rice, for having attempted to pass, and passing counterfeit bank bills. On searching him the officer found sixteen dollars of counterfeit money on his person. He was taken to jail and his case will be acted upon by the Grand Jury now in session.

SUMMERFIELD M. E. CHURCH.—This new Methodist Church on Van Buren street, 7th Ward, is to be opened for divine worship to-morrow, and on Monday evening a Festival will be given there, the proceeds of which are to be applied towards fitting up the parsonage.

NEW HOTEL.—Some of the capitalists on the west side of the river are getting up a charter for a Hotel Company, with a capital of $800,000. They intend to put up a Hotel, somewhere in the Fourth Ward, which shall surpass the Newhall House.

BERLINER & BRUNO.—This well known and reliable firm have a word to say about their Bank Locks and Vault doors in this morning's *Sentinel*. Their work needs no praise.

BANK REMOVAL.—The Farmers' & Millers' Bank are removing their effects from their old location on East Water street, opposite the *Sentinel* Office, to their new and convenient rooms on Wisconsin Street, just above Van Cott's corner.

MERCHANTS' AND TRADERS' INSURANCE CO.—See notice in our advertising columns for a meeting of this Company, on Monday next, 16th instant, to elect Directors agreeably to their charter.

CITY LAND OFFICE.—Mr. Wall has got everything fixed up in his new office at "the Albany" and notifies the public of the fact in this morning's *Sentinel*. See his announcement.

DAGUERREOTYPES.—Daguerreotypes, neatly taken and finished up, in cases, can be obtained at Seeley's Gallery, 171 East Water street, for a few weeks to come, at the small price of *fifty cents*. Improve the time!

Bank Locks.

MILWAUKEE, Feb. 12, 1857.

Messrs. Editors of the Sentinel:

In the *Sentinel* this morning we noticed a communication from Messrs. Schumacher & Johnson, in relation to our advertisement of Bank Vault Locks; in regard to which, we would say, inasmuch as it relates to us, it was false, as it is uncalled for. We have no objections whatever to Messrs. Schumacher & Johnson bringing themselves, or their Locks into public notice, so long as they do so honorably; but when they do it at our expense, and misrepresent us, we shall expose their falsehood. In our advertisement, it is true, we refer especially to the State Bank of Wisconsin, and the Farmers' & Millers' Bank by their permission, having manufactured for both of these Banks Vault Doors for their new buildings, and also locks for the same. The facts of the case are as follows: We furnished the State Bank with one of our Double Revolving Locks for the lower Vault Door—the same which took the *first* premium at the last State Fair, the certificate of which may be seen at our office. We also furnished them with two Brahmah Locks for the inside doors of both vaults. We also made for the State Bank the doors for the vaults, and the amount of work done by us for them was $1,240. For the Farmers' & Millers' Bank we made the vault doors, and a Brahmah lock for the inside door, and sold them one of Yale's Infallible Bank Locks for the outside door, we being his agents for this city. Of the truth of Messrs. Schumacher & Johnson's statement, and whether we had a right to refer to these Banks, or not, we leave the public to judge. We have no desire whatever to injure Messrs. S. & J., but think that justice to ourselves calls for this statement.

Respectfully,
jan13-e188-8tl. BERLINER & BRUNO.

MILWAUKEE, Feb. 10 1857.

To the Editor of the Sentinel:—

DEAR SIR:—We notice an advertisement in your paper, over the signature of Messrs. Berliner & Bruno, recommending their Bank Locks and Vault Doors to the public, and referring especially to the State Bank, and Farmers' and Millers' Bank Now the only inference to be drawn from said advertisement is, that Messrs. Berliner & Bruno manufactured and furnished the locks to be placed upon the vault doors of the new State Bank, when the contrary is the fact. We have received orders from Messrs. Scott & Inbusch, members of the Building Committee, to furnish them with our Combination Locks, manufactured by one of our firm, Mr. Johnson, which we have completed and are only waiting their orders to put them up. We would also take this opportunity to invite the public to call and examine the same at our place of business, and in recommending them refer in an especial manner to the officers of the State Bank.

'TIS NO USE GENTLEMEN.—The efforts made by certain interested individuals to injure the reputation of Herrick's Sugar Coated Pills, excites our pity rather than indignation. These pills have been used in every portion of the United States during the past nineteen years, and have more advocates than any medicine of the day. 25c per box; five boxes $1.

City Land Office.
Albany Buildings - - - Michigan St.

I HAVE kept rather quiet for the last three weeks.—The cause of my doing so is, I have been trying to get my office in good order for business. It is now in good order, and I am prepared to transact all business in my line with dispatch. In course of thirty days there will be a general demand for all description of dwelling houses and for building lots. All who have such property for sale are requested to come and give me their list and I will try and dispose of their property for them. I invite every person to call and see my office, and the arrangements of it, and see how they are pleased with it. I have prepared tables, writing desks, &c., for all who want to write letters, or do any figuring. I also receive the daily New York papers, and several other papers, which are free for every person to read. The City Land Office—I say to all—I desire to make a social and pleasant exchange place where parties can meet and transact their business, and I will be pleased to have you all call and feel at home—and I mean just what I say.
CALEB WALL, City Agent.

City Land Office.
Albany Building, Michigan Street.
MILWAUKEE, Feb. 11, 1857.

To all who may read:

SOME TWO WEEKS AGO I announced through the city papers that I would receive some thirty to forty thousand dollars worth of ready-made Clothing and Dry Goods. They have all arrived, and I am now prepared to make sales of the same, or to exchange the said goods for Railroad Stocks or Railroad Bonds, or I will exchange them for City or County Mortgages, or I will sell in sums of one thousand dollars on six and twelve or eighteen months credit, for good paper, or on two years credit for mortgage on any Real Estate in City or County, and the goods will be sold precisely at the same price that you can go to New York and purchase them, with transportation added, and the goods are all fashionable and in good order, and every article warranted.
Any one wishing to make a purchase of said goods, if they will call at my office they can see the invoice.
If any one wishes to purchase the entire invoice, which is thirty-two thousand dollars, I will exchange the entire stock for good City Mortgages running from three to five years, with seven per cent interest. Or, for La Crosse Railroad Stock, or La Crosse Construction Bonds, or Mississippi & Milwaukee Railroad Stocks will be taken at 87½ cents on the dollar, and the goods charged at New York prices. feb13 CALEB WALL

ALBANY,
No. 4, Opposite Newhall House, Michigan St.

I HAVE SEVERAL bargains, I think, in Real Estate, a list of which I will publish in a few days. I also have some thirty choice Lots in Kilbourn City for sale, and I would call the attention of mechanics and others who want to secure themselves a good home in that large and growing city to call and secure one of the said lots which will be sold on very easy terms. In the course of sixty days I will have a public sale of Lots in that beautiful and go-a-ahead city, Watertown. In the course of ten days I will give a more minute advertisement of said city, and of the sale of lots. I would also remark that when the proper time comes I will make weekly and daily reports of sales of Real Estate in our City and County. I have been looking over the sales of Real Estate this time last year, and I find that about the middle of March, the sales of Real Estate were very large, averaging from $75 to $100,000 per week. I anticipate larger sales this spring and summer, so soon as the severe weather is over. We may look for bright times if, from what I learned while East is to be relied upon. Milwaukee has a great name abroad, and hundreds are preparing to come and live among us. The Newhall House will be completed and furnished, and opened by the 1st of June—so says my friend Newhall—which, when opened, will be kept equal to any Hotel in the United States; and what a grand occasion it shall be to us all, and ten thousand thanks should be given to our friend Daniel—Let all keep up their spirits for we have bright days before us. CALEB WALL,

SALOM'S MERCANTILE COLLEGE!

A Perpetual Ticket for $25!

GENTLEMEN desirous of acquiring a thorough Mercantile Education, are assured that the advantages presented at this institution are unsurpassed.

The Principal takes this opportunity to acknowledge the courtesy of several of the most distinguished Shipping and Jobbing Houses in the East, who recently allowed him to examine their books, besides explaining many original plans for economizing labor, which, adopted as in some instances after the experience of half a century, may be justly designated the *ne plus ultra* of the art.

These advantages, grafted upon Mr. SALOM'S long practical experience in a variety of Counting Houses, have enabled him to elaborate a novel and valuable series of transactions, introducing all the great leading and ramifications of mercantile routine to be actually developed by the student. A perpetual ticket confers the privilege of instruction in Book-Keeping at all times, as well as tuition in Writing, Mercantile Calculations, Law, Correspondence Forms, &c.

The Surveying and Mathematical department is in progress during the day and evening.

LESSONS IN Foreign Languages.

MR. AND MRS. L. S. H. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next.

The course of instruction will be according to the age and intelligence of the pupils; and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A M., and from 3 to 5 P. M. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution, and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

212 and 214 East Water St., MILWAUKEE, - - WISCONSIN.

THE proprietors of the Milwaukee Commercial College would respectfully announce that the liberal patronage that has been extended to this deservedly popular enterprise has led them to extend the field of study, so that it will embrace every branch of a thorough Commercial Education. The Commercial Course comprises Book Keeping by Double Entry, in its various forms; as adapted to Wholesale, Retail, Commission, Manufacturing, Custom House, Banking, Railroading, in stock partnership, and compound Company business, Commercial Calculations in per centage, Exchange, Bank and Regular Discount Averaging, Accounts by Simple and Compound Equations &c., according to the most approved methods. MISCELLANEOUS.

Every Man his own Miller.

PORTABLE CAST IRON GRAIN MILL.

Young America Improved and Perfected.

THE above mill was patented by Charles Leavett, of Ill., Feb. 27th, 1855. This mill took the first premium at the Ohio State Fair, 1855, over all other mills, and during the fairs of the fall of 1856, the first premiums over many others in the State Fairs of Ohio, New York, Tennessee, Michigan and Minnesota, also, at the County Fairs of the following Counties of Ohio and Indiana, viz: Guernsey, Crawford, Logan, Medina, Ashland, Wayne, Knox, Montgomery Clark, Erie, Lorain, Richland, Plymouth district, Chester, Frederick. In Indiana, Tippecanoe, Jefferson, Wayne, Fayette, Shelby, Jennings, Warren and Fountain.

Farmers, Saw Mill owners, Livery Stable men and all others feeding stock of any kind are invited to examine the merits and superior advantages of the above mill.

The Young America will grind as much corn in the cob, shelled corn, oats, barley, and all other grains for stock as any mill of the same size and with much less draft.

What we claim is great strength, durability and simplicity, being so simple that a child can learn to grind with safety.

In the next we claim the small expense to renew the grinding parts of the mill, and the ease with which the grinders are put on the mill, at a cost of not over three dollars, which makes it superior and more economical than any other mill. The grinding parts of the above mill are made of the hardest of cast iron, as hard in fact as cast steel can be tempered. Each set will grind from 5,000 to 10,000 bushels of grain, with proper usage. Besides the set of grinders on the mill, an extra set will be sent with each mill sold, making it equal to two common mills. When found necessary to change the grinders, almost any one can do it in twenty minutes.

As a proof of the estimation in which the Young America is held in Ohio, we would state that during the fall, winter and spring of 1855-56, 2500 were made and sold in Ohio, at Zanesville, by Douglas, Smith & Co., Hall & Allen of Mansfield, Eldridge & Fauceneer of Cincinnati, and at New Philadelphia.

At this time there is not less than 200 being sold every week in Ohio, at retail, besides those sold in other states east and west.

The above mill is being manufactured and can be furnished at wholesale and retail, from the Wisconsin Iron Works of A. J. Langworthy, on the water power in the City of Milwaukee. The mill is warranted perfect in all respects.

Dealers in agricultural implements and machines, of the State of Wisconsin, are requested to call and make arrangements for the sale of the above mills, to whom a liberal discount will be made on the retail price; also any others wishing to engage in a profitable business. Would call attention to good men who have teams, in any part of the State, who would peddle the mills through the country. Four can be taken on a wagon at a time—liberal arrangements would be made with them.

The above mill will grind from 5 to 20 bushels of grain per hour, in accordance with the kind and condition of the grain.

Price of the Young America $55—ready to hitch to and warranted to grind as fast as any mill of the same size when properly worked, and with less draft.

For further information address or see the undersigned, sole owner of the right to the State of Wisconsin.

For sale by W. HARROLD SMITH. Wisconsin Iron Works.

HEALTHY BREAD!

MADE WITH

JAS. PYLE'S DIETETIC SALERATUS

THIS article is deprived of the caustic impurities, so well known to exist in all common Saleratus, thereby dealing destruction to thousands no aware of its injurious qualities. So destructive is it to the constitution of children, that where they and the parents have been regular consumers of Saleratus Bread, there is but little chance for recovery from infantile or contagious diseases. In this way thousands meet with premature Death—the sad reality of which is forcibly demonstrated, in the mortality among children, in the New England and other States, where warm bread and cake is so generally consumed.

JAS. PYLE'S DIETETIC SALERATUS

Is of vast importance to the public, and is rapidly coming into use. Being deprived of all caustic impurities, it is quite as harmless as flour. In point of economy it excels having powerful raising properties, and is altogether superior to Baking Soda. No intelligent lady will dispute this after trying it.

It is packed in pound packages, each bearing the name of James Pyle, without which it is not genuine. For sale by John Furlong & Co., C. A. Folsom, Chapin & Gregory, Milwaukee; Ethridge, Shoemaker & Co., Madison; E. H. Jones & Bro., Fond du Lac, Wis.; A. Gross & Co., Chicago. JAMES PYLE,

MEDICAL.

BOERHAVE'S HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR

DYSPEPSIA,

DISEASE OF THE KIDNEYS,

LIVER COMPLAINT,

WEAKNESS OF ANY KIND

FEVER AND AGUE,

And the various affections consequent upon a disordered

STOMACH OR LIVER,

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find in this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION!

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.
